

# Issaquah School District Instrument Rental Policy

Your child is renting an instrument for the 2018-19 school year from the Issaquah School District. All instruments have been inspected and are in proper playing condition at the beginning of the rental term. By signing below you agree to the following terms.

The rental fee covers normal maintenance. It is a minimal fee and is not intended to cover damage due to improper maintenance, neglect or mistreatment. Any repair beyond normal maintenance will be your responsibility. Your child will be instructed on proper care and maintenance including use of care accessories such as valve oil, slide oil, cork grease, etc. Have your child go over these procedures with you. By following these procedures you will avoid any unnecessary repairs. In the event that your child has damage to the instrument beyond normal wear and tear please ask your music teacher for recommendations on music repair shops. It is your responsibility to cover the cost of the damage and to transport the instrument in a timely manner to a credible music repair shop.

You may pay your rental fee in full for the year or split your payment by trimester (middle school) or semester (high school).

Percussionists pay only a usage fee as multiple students use the school equipment and they do not take the equipment home. The usage fee covers repair of school percussion equipment.

#### Rental Fees:

\$150 Brass, Strings, Woodwinds

\$50 Percussion
